

The diagram shows a rectangular frame. A horizontal dashed line runs across the middle. On the left and right sides, there are vertical regions. Each vertical region contains two lens-shaped structures, one above and one below the horizontal dashed line. The lens shapes are formed by two intersecting circular arcs. The horizontal dashed line is labeled with a small 'd' at its left end.

1. *This size may depend on the degree of tightening
2. ** Hex size
- 3 Pressure rating 137bar ($T = 21^{\circ}\text{C}$)
- 4 Temperature rating from -23 to 191°C
